ABBREVIATION REFERENCE: BNA = Block Numbering Area.

Where international and municipio boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ In 1990, the census of vessels population of ships at sea was allocated to census tracts with a .75% suffix. An anchor symbol appeared on the 1990 maps locating a census of vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the ship.

² A " " following a block number indicates that the block number is repeated elsewhere in the block.

The plotted map scale is 1:8500

All legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement. ABBREVIATION REFERENCE: BNA = Block Number Areas

Where international and municipal boundaries coincide, the map shows the boundary symbol for the highest-ranking of these boundaries.

In 1990, the crews of vessels population of ships at work was allocated to census tracts with a "B" suffix, which were placed on the map as blocks mapping locations of vessel traffic. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

2. A ² following a block number indicates that the block number is repeated elsewhere in the block.

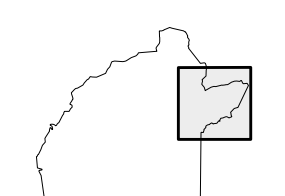

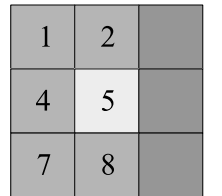

ABBREVIATION REFERENCE: BNA = Block Numbering Area
Where international and municipio boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '.99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

² A * following a block number indicates that the block number is repeated elsewhere in the block.
